

LET'S TALK ABOUT . . .

## Diagnostic Services for Balance and Dizziness Disorders

BC BALANCE & DIZZINESS  
DISORDERS SOCIETY

Tests to assess whether or not there are problems with the balance structures of the inner ear are offered at several locations in BC. Test results may be communicated to you at the time of testing or through your physician.

A referral from a specialist physician is required to book an appointment.

Please refer to our companion information sheet *Let's Talk About Balance and Dizziness Testing* to learn more about what tests may be done.

### Vancouver

#### St. Paul's Rotary Hearing Clinic

St. Paul's Hospital  
Providence Building (Level 2)  
1081 Burrard Street, Vancouver

**Phone: 604-806-8540**

#### Vancouver Hospital Neuro-otology Unit

Gordon & Leslie Diamond Health Care Centre  
4th Floor – 2775 Laurel Street, Vancouver

**Phone: 604-875-4005**

Both St. Paul's and VGH are referral centres for patients in BC with complex ear and hearing-related disorders. They offer advanced vestibular function testing, diagnostic, and management services for patients with complex balance disorders. Services are provided to patients from the Lower Mainland and across western Canada.

### Fraser Valley

#### Audiology Department

Abbotsford Regional Hospital and Cancer Centre  
32900 Marshall Road, Abbotsford

**Phone: 604-585-5674**

#### Audiology Department

Surrey Memorial Hospital  
13750 96 Avenue, Surrey

**Phone: 604-585-5674**

Both Fraser Valley hospitals offer diagnostic hearing and vestibular evaluations.

### Interior

#### Neurodiagnostics Department

Kelowna General Hospital  
2268 Pandosy Street, Kelowna

**Phone: 250-862-4334**

Provides basic diagnostic vestibular evaluations.

### Vancouver Island

#### Electrodiagnostic Services (EDS) – Neurology

Royal Jubilee Hospital  
1952 Bay Street, Victoria

**Phone: 250-370-8247**

Provides basic diagnostic vestibular evaluations.

This is one in a series of information sheets reviewed by vestibular specialists for the **BC Balance and Dizziness Disorders Society (BADD)**.
